

LTCO Advocacy Committee

August 3, 2011

Present: Dave Myers, Louise McKinney, Susan Griffin

The draft of the application for State Ombudsman Support Funds for SFY 2012 was reviewed and discussed. The focus for the project is on Person-Centered Care (PCC). The Regional Programs are asking the SLTCO to provide certain information that could be used by all the programs including the cost/benefit of different PCC strategies, and two brochures for consumers and facilities with PCC information.

Several revisions to the draft were discussed; a revised draft is attached. The response to the RFP is due to the State Office by the 15th.
